

**“I bought this house  
for the garden.  
I bought the 320 to  
still enjoy it”**

**Find out what our 320 Outdoor  
Stairlift can do for you**

**Stannah**

# 320: Outdoor Living

**At Stannah, we understand just how much it means to have the freedom to make the most of your home. That's why, when it comes to stairlifts, so many people turn to us. We started out as a British family business back in the 1860s, and we're still a family business today. We've helped to make the lives of nearly half a million people safer, easier and more enjoyable.**

## The perfect outdoor stairlift, whatever the weather

The 320 from Stannah is the perfect solution for either a flight of outside stairs, or for just a few steps down to your garden. The 320 outdoor seated stairlift was truly designed to work in a variety of weather conditions; sunshine, rain or snow. To cope with ever-changing weather conditions, it has been tested to ensure it operates between -10°C and +40°C, making it suitable for most countries.

Operating the 320 couldn't be easier. Lightly touch the joystick and glide effortlessly up or down the stairs. At the top of the stairs, simply press down on one of the swivel levers to turn the seat and face the upward direction, where you can easily and safely get on and off the seat. The 320's battery-powered motor gives a quiet and smooth ride, as well as a gentle start and stop, and because it charges continuously, the stairlift is ready for use - even in a power cut. Every 320 stairlift comes with an immobiliser key for additional security, as well as a protective cover to protect it from the weather.

### Everything you need

Your 320 features everything you need, including a power-on light indicator, intuitive seatbelt for extra safety and a year-round protective cover

### Safely in control

Easy-to-use joystick for fingertip control

### Call station

Optional controls allow you to call your 320

### No obstructions

Sensors detect any obstructions on your stairs

# 320: Intuitive Design...

**At Stannah, we make your well-being our utmost priority. This is why the 320 is designed to give you total reassurance. A host of thoughtful and intuitive features make it exceptionally safe and secure, ensuring the 320 is the ultimate stairlift for outdoor straight stairs.**

**Shown below are the benefits standard to the 320 for outdoor straight stairs.**

## **Directional controls**

Mounted on either arm, the light joystick controls the stairlifts movements

## **LED light**

Indicates that the 320 is on

## **Seatbelt**

## **Foldaway padded armrests**

## **On/off switch**

## **Manual swivel seat**

Light-touch levers on either side of the stairlift operate the swivel seat

## **Keyswitch**

If required, the keyswitch can be used to completely immobilize the stairlift

## **Folding seat**

The seat can be folded away for safety when not in use

## **Safety edges**

Five sensitive safety edges immediately stop the stairlift if it meets an obstruction

## **Footrest**

The footrest folds away for added safety when not in use

\*Due to the conditions in which it will be used, the 320 can only be installed into solid concrete, solid wood or metal

# ...With simplicity built in

**We believe a stairlift should go beyond the functional to become a seamless part of a more rewarding life. To us, that means making it beautifully simple to operate, whatever the weather.**

**1.** Using the optional call station, you can send and receive your 320 to either end of the stairs

**2.** Once unfolded, make yourself comfortable in the seat. Fasten the seatbelt for additional security

**3.** A gentle movement of the joystick is all it takes to make your 320 glide effortlessly upstairs

**4.** When you arrive at the top of the stairs, you can swivel your 320 around so you can get off safely

**5.** When you are not using your 320, you can leave it in its swivelled position to act as a barrier

**6.** Your 320 can be folded flat when it's not in use, giving more space on your stairs for other stair users

# 320: The Next Steps

Simply contact your local Stannah Adviser, who will arrange to visit your home for a friendly consultation.
