Bluesky Mobility

Enjoy a better quality of life.

Since 2001, Bluesky Mobility has been a leading provider of quality and stylish mobility solutions, dedicated to helping Senior Australians enjoy a better quality of life.

Our extensive range of customisable mobility products are specifically designed and manufactured to help you maintain your independence while at the same time giving you a safer enjoyment of your home.

Lift & Recline Chairs

Bluesky Mobility's individually handcrafted Lift & Recline Chairs are manufactured according to your seat size, leg length and back shape.

With an ergonomic design, featuring a full leg chaise to give you the utmost comfort while in a seated or reclined position, and a reliable motor assisting you as you rise from it, a Bluesky Mobility lift chair can improve your quality of life.

We offer wallglider, tilt in space, bed-chair and lift only mechanisms in customisable sizes of frames to ensure the best fit for you. Our chairs feature superior Australian-made timber frames, ultima foam and are available in your choice of quality fabrics. For maximum safety our chairs come with thermal overload protection switches.

Our chairs are made-to-order in our Adelaide manufacturing facility and will give you the ability to enjoy a mobile and active lifestyle, enabling you to live life to the fullest.

Wallglider Lift & Recline Chairs

Monroe

Loren

Brando

The wallglider mechanism is the clever space saver where the chair moves away from the wall as it reclines. The leg rest will raise before the back rest reclines allowing you to sit upright with your feet elevated.

Tilt In Space Lift & Recline Chair

Lamour

Mitchum

Bogart

The tilt in space mechanism is ideal for those with hip and back flexion problems as the chair raises the leg rest and reclines the back rest in the one smooth action providing conformity of position.

Lift & Recline Bed Chairs

Lancaster

Minelli

Bacall

The bed chair mechanism is the ultimate in flexibility as the leg rest and the back rest work independently of one another with their own individual motors. The back rest can lay back to completely flat and with the leg rest fully extended it makes for the perfect afternoon nap.

Lift Chairs

Leigh

Mason

Bardot

The lift chair mechanism is perfect for those small rooms where a recliner just won't fit. The chair does not recline; instead offering a comfortable arm chair that lifts off the ground to make it easier and safer to get in and out of.

Optional Extras

Head Cushion

Armrest Covers

Magazine Pocket

Fabric Protection

Lithium Ion Battery Backup

Locking Wheels

Bluesky Mobility lift & recline chairs are individually hand crafted with a level of workmanship that can only be obtained from over 20 years of experience. Offering quality, comfort and value for money a Bluesky Mobility lift & recline chair is an investment in your future.

A Bluesky Mobility chair removes the struggle, strain and danger of getting out of a chair that is too low for you. So too it eliminates the need to be pulled, lifted or dragged out of your chair by a family member.

Strong wooden frames, heavy duty steel mechanisms, powerful motors, easy grip armrests, full length side pockets, Joyce ultima foam fillings and black cat seat webbing are all standard features whilst head cushions, armrest covers, battery backup, locking wheels and fabric protection are optional extras.

“QUALITY, COMFORT
& VALUE FOR MONEY “

A BLUESKY MOBILITY LIFT & RECLINE CHAIR
IS AN INVESTMENT IN YOUR FUTURE!

Service and Warranty

Service and Experience... You Can Trust

Bluesky Mobility's strength is our staff. No matter your requirements, our friendly and caring healthcare consultants have the experience and knowledge to help design the right product for your comfort and health needs.

Our trained consultants take the time to talk with you to assess your needs and find out exactly how a Bluesky Mobility product can offer you the maximum health benefit. Our fully equipped mobile showrooms can bring any of our products to your home for a relaxed and obligation-free consultation, demonstration and trial - at no charge

Servicing & Warranty

Bluesky Mobility offers a comprehensive 5 year warranty across our complete range of Lift and Recline Chairs. The performance of annual servicing and maintenance of your Bluesky Lift and Recline Chair by one of our trained technicians is strongly recommended to ensure the long term reliability, safety and warranty of your product.
